## **John-Eric Nelson**

Executive Vice Chair, Aero Derivatives

Principal Technical Engineer, Town of Braintree Electric Light Dept.

John-Erik Nelson is the Principal Technical Engineer at the Town of Braintree Electric Light Department (BELD) in Braintree, MA. In his role, John-Erik oversees and manages technical operations, ensuring the efficient and reliable delivery of electric services to the community.

John-Erik is also actively involved in the Combustion Turbine Operations Technical Forum (CTOTF), serving as the Executive Vice Chair for Aero Derivative sessions. His leadership in CTOTF includes organizing and managing the Aero roundtables.

With a strong commitment to technical excellence and community service, John-Erik Nelson continues to contribute significantly to the field of electric light and power distribution.
