## **Combustion Turbine Operations Technical Forum (CTOTF™) Executive Team Update**

*CTOTF announces updates to the executive team.*

Doug Hudson is the new CTOTF Deputy Chairman. Doug previously held the position of Executive Vice Chair, Turbines.

Two new board members have joined the executive team. Tommy Holland has joined as the CTOTF Executive Vice Chair, Power Systems. Luis Cordova has taken on the role of CTOTF Executive Vice Chair, Turbines.

### **Doug Hudson, Senior Manager Maintenance, Klamath Energy, [doug.hudson@avangrid.com](mailto:doug.hudson@avangrid.com)**

Doug has worked at Renewables Klamath Energy site since 2017. His duties include outage planning, vendor selection, and project management. In addition, Doug is responsible for the OPEX and CapEx budgets for the facility. Doug's background includes four years in the United States Marine Corps as a jet engine mechanic and plane captain. He joined CTOTF in 2002.

### **Tommy Holland, Power Asset Manager, Oxy Low Carbon Ventures, [thomas\\_holland@oxy.com](mailto:thomas_holland@oxy.com)**

Tommy has twenty-three years of power plant experience in a variety of plants, including conventional boiler, combined cycle, simple cycle, and solar. He has worked with a variety of gas turbines, including 501F, 501 D5A, 7FA, 7EA, 501 G, and the Pratt and Whitney FT-8. He worked his way up through the industry, growing from multi-craft operator to maintenance planner, operations and maintenance supervisor, operations and maintenance manager, plant manager, and now asset manager. Tommy manages two combined cycle co-gen plants for OXY in his current role. Since 2006, Tommy has served as chair and vice chair for several roundtables.

### **Luis Cordova, P.E., Director (Interim), Energy Operations for Generation, Austin Energy, [luis.cordova@austinenergy.com](mailto:luis.cordova@austinenergy.com)**

Luis earned his bachelor's degree in chemical engineering from Texas A&M University – Kingsville and is a licensed PE in Texas. He started his career as a plant engineer with Dow Chemical Texas City and moved into power generation as a plant engineer for the Sandow Steam Electric Station. Luis joined Austin Energy working at the Sand Hill Energy Center as the supervising plant engineer and plant manager. Prior to joining the CTOTF Executive Team, Luis served as a roundtable chair.

About (CTOTF™): The (CTOTF™) is a membership organization of combustion turbine owner/operators ("Users"). The organization's user-defined mission continues to be the premier forum for the exchange of information and experience related to the design, operations and maintenance of combustion turbine and combined cycle power plants, and to provide a collective voice for its members to express issues and concerns to the combustion turbine industry. For more information about CTOTF please visit our website at <https://ctotf.org/>.
