About (CTOTF™): The (CTOTF™) is a membership organization of combustion turbine owner/operators ("Users"). The organization's user-defined mission continues to be the premier forum for the exchange of information and experience related to the design, operations and maintenance of combustion turbine and combined cycle power plants, and to provide a collective voice for its members to express issues and concerns to the combustion turbine industry. For more information about CTOTF please visit our website at <https://ctotf.org/>.
